"A Waking Dream"

The dawn slips in, a splash of color.
against the grey sky.
When the night comes down,
I'll caress you gently, softer than a loving sigh.

In its velvet embrace,
you'll forever be safe, tightly in my arms.
You know you will be, a willing prisoner,
of my loving charms.

**So Stay With Me and You Will See,
A Love So Strong that It'll Be, A Waking Dream.
Oh, Close Your Eyes and Fantasize,
of a Lovely Song Complete, A Waking Dream.**

Under the sun, we'll find more oceans,
to explore.
And there like children, we'll play upon,
the vast and sandy shores.

If it begins to rain, I'll hold you close,
to my lovin' heart.
Until you know, that forever I'm yours,
we're never going to be apart.

**So Stay With Me and You Will See,
A Love So Strong that It'll Be, A Waking Dream.
Oh, Close Your Eyes and Fantasize,
of a Lovely Song Complete, A Waking Dream.**

Solo:

**So Stay With Me and You Will See,
A Love So Strong that It'll Be,
A Waking Dream.**

**Oh, Close Your Eyes and Fantasize,
of a Lovely Song Complete,
A Waking Dream.**

**You and I Like the Earth and the Sky,
We'll Conquer the Moon and the Stars,
We'll Make Them Ours.**

**Together We'll Be Forever You'll See,
In a Love So Strong that It'll Be,
A Waking Dream of We.**

“Duel for Love”

You better fast trigger, but never aim low.
You better be bigger, or it'll be time to go.
Only milk and honey, can bring someone in.
But it helps to be funny, when the courtship begins.

Because we all need to fly.
We all need to cry.
We all need to rise with the tide,
to make things right.

**A Duel Perspective a Dueling Life.
Been Schooled Unexpected Been Down In the Fight.
But Rose from the Ashes and Refocused Sight.
Left God In the Center and Removed All Pride.
Then Awaited a Sign from Above.
We're In a Duel for Love.**

You better think quicker, you better say no.
When your friends all picture, you sittin' in the front row.
'Cuz only you can decipher, of who you're lettin' in.
Take it all a little higher, to decide who will win.

Because we all need to run.
We all need the sun.
We all have begun where it's fun,
to get things done.

**A Duel Perspective a Dueling Life.
Been Schooled Unexpected Been Down In the Fight.
But Rose from the Ashes and Refocused Sight.
Left God In the Center and Removed All Pride.
Then Awaited a Sign from Above.
I'm In a Duel for Love.**

You'll never learn a lesson,
unless you see it from behind.
'Cuz with every booked session,
there's another givin' sign.

It'll take all you can muster,
and even more then you believe.
You have to be a loyal truster,
for your good works to conceive.

Because we all need to see.
We all need to breath.
We all should seed unity,
to take the lead.

**A Duel Perspective a Dueling Life.
Been Schooled Unexpected Been Down In the Fight.
But Rose from the Ashes and Refocused Sight.
Left God In the Center and Removed All Pride.
Then Awaited a Sign from Above.
I'm In a Duel for Love.**

“Even In Goodbye”

Wanderin’ down the streets,
eye contact with the people you see.

Wanting desperately,
just to say hello and learn who they’ll be.

But somethin’ stops your words,
was it fate or the plan predetermined?

If you know please tell myself,
all I want is the life that’s for no one else.

**Love Lives Like a Shadow,
Always By Your Side.
Even In the Darkest of Hours,
It’ll Find the Way to Shine.
No Emotion or Inspiration,
Will Hold In the Hands of Time.
‘Cuz Love Lives Like a Shadow,
“Even In Goodbye!”**

Rustlin’ thru the woods,
listenin’ close to the sound from the trees.

Chirpin’ all you could,
communicatin’ with the birds and the bees.

Then somethin’ warms your heart,
the ambiance captures the emotional start,
of the essence in all our sensations,
then God grants us all life’s creation.

**Love Lives Like a Shadow,
Always By Your Side.
Even In the Darkest of Hours,
It'll Find the Way to Shine.
No Emotion or Inspiration,
Will Hold In the Hands of Time.
'Cuz Love Lives Like a Shadow,
"Even In Goodbye!"**

Hope and prayer, gloom despair,
brightest lights, darkest nights.
Warmest sun, moon undone,
highest lows, love knows and then grows.

Strollin' on the beach,
mist from the waves taste like salt in deed.
Seaweed wraps your feet,
the jellyfish glow ignites the breeze.
Then a chill goose up your spine,
the aurora lights have all entwined,
and a warmth induces your soul,
together you're one complete and whole.

**Love Lives Like a Shadow,
Always By Your Side.
Even In the Darkest of Hours,
It'll Find the Way to Shine.
No Emotion or Inspiration,
Will Hold In the Hands of Time.
'Cuz Love Lives Like a Shadow,
"Even In Goodbye!"**

"Faithfully"

We're loopin' our belts then lacin' up our shoes.
We're goin' out workin', makin' dreams come true,
and it's gonna be as sweet as pumpkin pie.

We've wiped our glasses buttoned up our shirts.
We've belted our jeans gonna kick up dirt.
We're out poundin' pavement knockin' doors,
gonna give them the life.

But we have a big hill to climb.
To reach our goals we'll have a hell of a time.
'Cuz our dreams are huge, they're our heart and soul.
Forever they're big and bold.

**Oh Faithfully, You're Reason Why We All Believe.
You'll Open Up the Heaven's Above,
Like a Goddess Primed.
You're a North Star Shining Bright.
The Beacon to Show the World What's Right.
Oh Faithfully, You're the Light In Our Lives.
We Bow Before You Tonight.**

For weeks on end we try to begin.
We go back over the streets once again.
as we look for you guys tryin' to build a house-tree.

The wood gets a stackin' the work won't end.
There's no daytime nappin' honey do to begin.
Believe in honor, paint your game face on it's our creed.

**For y'all we're here tonight to unwind.
We dedicate for life this bright sunshine.
We're a team on a mission God's our right hand,
so today we're takin' a stand.
We're your biggest fans.**

Oh Faithfully, You're Reason Why We All Believe.
You'll Open Up the Heaven's Above, Like a Goddess Primed.
You're a North Star Shining Bright.
The Beacon to Show the World What's Right.
Oh Faithfully, You're the Light In Our Lives.
We Bow Before You Tonight.

Listen closely to what God's tryin' to say.
We're sure that it's mostly these words that we pray.

God will you help them to understand.
How You created this earth under one big plan,
and we know that you'll guide them,
'til the day they're by your side.

They'll honor your word do all you ask.
Be the early bird consider done all tasks.
Just please God will you grant them all that they confide.

**Oh Faithfully, You're Reason Why We All Believe.
You'll Open Up the Heaven's Above,
Like a Goddess Primed.
You're a North Star Shining Bright.
The Beacon to Show the World What's Right.
Oh Faithfully, You're the Light In Our Lives.
We Bow Before You Tonight.**

"Faithful In Love"

(I like them) Darlin',
you're the light in my life.
you make me feel good inside.
Holdin' down, my heart I just can't try,
'cuz it's beatin' me alive.

The longest road,
doesn't have too many miles.
And I will go,
down the path that'll take me awhile just to find you.
My heart and soul,
is a present gift wrapped with a bow 'cuz I like you.

My Sunshine ~ Faithful In Love.

(I love them) Baby,
every kiss from your lips,
proves there's nothin' like this.
It lifts me up, like a kite swirlin' in the wind,
teaches me how to begin.

The highest peak,
isn't tall enough so I'll climb it for you.
And I will seek,
out the rockiest cliffs just to prove it to you.
My heart bleeds,
the love you've longed for and I'll honor it with you,

My Sunshine ~ Faithful In Love.

(I bury them) Keep holdin' on,
for just one more day.
Baby, I'll sing for you this lovely song,
to wipe those tears away.

(I long for them) Honey,
you were the love of my life,
you made me feel good inside.
But now you're gone,
and it's too late for me to carry on,
'cuz my heart stopped beatin' and died.

The longest road,
is the one that's taken me to heaven to find you.
And I will go,
'cuz God has promised me we'll be and He died too.
I'll give my soul,
as an offering gift up to part in a halo,

My Sunshine ~ Faithful In Love.

My Sunshine ~ Faithful In Love.

My Sunshine ~ Faithful In Love.

My Sunshine ~ Faithful In Love.

Music and Lyrics, 2012: Peter J. Beauchemin

“Forever and a Day”

Have you ever wondered why,
people are so unkind.
They'll scold you while you're down in life,
and would do it a thousand times.

Pretending that they'll always,
be there by your side.
Until it's time to deliver,
then they're gone without a sign.

Never caring once if you're all right.
I'll take the full line punch,
and be there in desperate times.

**Why Can't We Just Be In Love.
All I Want Is to Feel Your Touch,
When Push Comes to Shove.
Why Can't We Just Be In Love.
Why Can't We Be.
Why Can't We Be In Love.
Running Through the Night.
Together We'll Cross That Line.**

From the beginning,
everything turned out right.
Nothing came in between us,
we were two people just alike.

Always wanting the best for each other,
never thinking about ourselves.
Forever we'll be together,
you and I and no one else.

Until the day the pressure came.
You took off the other way,
so I stepped up and made it okay.

**Why Can't We Just Be In Love.
All I Want Is to Feel Your Touch,
When Push Comes to Shove.
Why Can't We Just Be In Love.
Why Can't We Be.
Why Can't We Be In Love.
Running Through the Night.
Together We'll Cross That Line.**

Every moment of every day.
I sit and watch the stars roll by,
and dream my life away.

If only we could have changed our ways.
We could have lived our lives together,
"Forever and a Day".

I can understand if that's something,
you could not do.
I've tried to change myself,
I can't but I still love you.

Well some time has passed and I realize,
always means forever.
I'm still hoping that the day will come,
when you and I are together.

**Why Can't We Just Be In Love.
All I Want Is to Feel Your Touch,
When Push Comes to Shove.
Why Can't We Just Be In Love.
Why Can't We Be.
Why Can't We Be In Love.
Running Through the Night.
Together We'll Cross That Line.**

Music and Lyrics, 1989: Peter J. Beauchemin

“Live In This Moment”

Holdin' on, for my dear life before it's gone.
Lettin' go, of all the troubles you need not know.
Climbin' high, to reach the highest peak in my life.
Slidin' down, then put my two feet to the ground.

I'll never let go and never go slow.
I'll never let the gold piece own my road.
I'll never look back or never lose track.
I'll always leave home with my heart intact.
But most of all I hope to be ...

**Livin' In This Moment,
and This Moment Is Right Here With You.
I'm Livin' In This Minute,
and This Minute is Ours to Do,
with Whatever We Want To.
You Make My Heart Feel Like Brand New.
I'll Go Anywhere, It's True,
'Cuz I'm Livin' In This Moment.
I've Got to Tell You, Look Me In the Eyes,
I'm With You.**

Oh I'm Diving in, it's my new life's time to begin.
Focused sight, may my visions act quick when in flight.
Pointing down, fall on luck u-turn it around.
Much to do, let your path lead where it's goin' to.

And never let by and never buy high.
Never let the escort ruin your ride.
Then never think late and never fake bait.
Always see through and believe in fate.
Then hold on tight because you're gonna be ...

**Livin' In This Moment,
and This Moment Is Right Here With Me.
You're Livin' In This Minute,
and This Minute is Ours to Be,
Whatever We Can Achieve,
You Make Me Feel Like We're Livin' Free.
I'll Go Anywhere, You'll See,
'Cuz We're Livin' In This Moment.
Hear Me Baby, Look Into My Eyes, and Believe.**

Solo:

Oh never hold in and never cold sin,
never let the fast lane straitin' your bend.
Then never look past or never outcast,
always move forward and never finish last.
'Cuz you determine who you're gonna be ...

**And Live In This Moment,
and That Moment Is Right Here For You.
Live In This Minute,
'Cuz This Minute is Yours to Do,
With Whatever You Want To.
You'll Turn Your Heart Into Brand New.
It'll Take You Anywhere, It's True,
When We Live In This Moment.
Together Forever Baby, I'm All About You.**

Music and Lyrics, 2010: Peter J. Beauchemin

"I'll Always Believe"

There's this song I sing,
when society brings on heartache.
It helps me get through these days,
in these times I sing as I pray,
and I know what I can do to remember.

Rise above with the stars and become,
a person that God has made me.
The world is good if understood,
you could have all of everything.

And I can love all the people you'll see.
No one can stop all these things I believe.
I'm always gonna be the same,
but when you need me too I sure can change.

**Oh, It's You that I Dream of,
When I'm at Home All Alone.
Baby You Make Me Forget, All the Tougher Times,
from a World Gone Blind.
Love My Our Heart, and Give It to Yours for Me.
I'll Always Believe, I Only Need, to Be, Me.**

All we know is what our Father told us,
here's some advice to remember.
He said to me and all who believe,
just lean on God He is tender.

And never turn your back on a friend.
Always help up people who need a hand.
But most of all if you fall get up.
Believe in fate, God fulfills your cup.

**Oh, It's You that I Dream of,
When I'm at Home All Alone.
Baby You Make Me Forget, All the Tougher Times,
from a World Gone Blind.
Love My Our Heart, and Give It to Yours for Me.
I'll Always Believe, I Only Need, to Be, Me.**

Solo:

**Oh, It's You that We Dream of,
Oh, It's You that I Dream of,
When I'm at Home All Alone.
Baby You Make Me Forget, All the Tougher Times,
from a World Gone Blind.
Love My Our Heart, and Give It to Yours for Me.

“Jo Ann’s Band”

Welcome to history class,
we’re teachin’ today about past.
How them two arrived, then gained eternal life,
and all they had to do was ask.

‘Cuz God made it clear in His book.
There’s no need to fear when you look.
Just turn every page, and as their eyes gazed,
the Holy Spirit fished them in with the hook.

**Jo Ann Is the Leader of the Band,
She Takes Care of Her Family Plans.
Keeps Them All Fed and Clean,
Takes Away When They’re Mean,
and Never Gives In ‘til They Understand.
Jo Ann’s the Leader,
Yeah That’s Why She’s a Keeper,
and Tony He Just Holds to Her Hand.**

Like many couples on earth,
they have their ups and downs return.
But they look in its eyes, then apologize,
just like God intended from birth.

Never underestimating Gods plan,
He provides for their roof by time stamp.
When the hurricanes come, things might get undone,
but one thing always remains here on land.

**Jo Ann Is the Leader of the Band,
She Takes Care of Her Family Plans.
Keeps Them All Fed and Clean,
Takes Away When They're Mean,
and Never Gives In 'til They Understand.
Jo Ann's the Leader,
Yeah That's Why She's a Keeper,
and Tony He Just Holds to Her Hand.**

Let me end with advice,
in order to win think twice.
'Cuz history shows, when couples stay close,
they'll meet again in another life.

If you need conformation it's clear,
the gleam in their eyes will appear.
And the soft of their hearts,
will weave Heavens charts,
then together they'll share their steer.

**Jo Ann Is the Leader of the Band,
She Takes Care of Her Family Plans.
Keeps Them All Fed and Clean,
Takes Away When They're Mean,
and Never Gives In 'til They Understand.
Jo Ann's the Leader,
Yeah That's Why She's a Keeper,
and Tony He Just Holds to Her Hand.**

“Serendipity Prize”

Livin' alone, no cares, on my own.
I'm workin' just to barely get by.
Until the most peculiar thing, appeared before me.
The circumstance was too angelic to hide.

She's so soft and alive, a loft paradise.
With a unique way of dealin' her life.
She's like a time warp hatch, with a full out catch.
Her destination was as good as the ride.
Oh fortunately take me!

**Serendipity Do, Da, Hey Now Baby.
Serendipity High, Oh Honey Won't You.
Love On Me a Little Longer, Come On Darlin',
Be My Serendipity Prize.**

A scientific method, coined phrase left intrepid,
with a fearless sense of calming and pride.
All the wonders of the world, from this wondrous girl.
There's a place, she calls her home then resides.

A retrospective prophet, an in depth sort of logic.
By connecting all the dots with a line.
And when the puzzle gets solved, we'll rest all involved.
'Cuz she's honored us with grace and divine.
Yes fortunately!

**Serendipity Do, Da, Hey Now Baby.
Serendipity High, Oh Honey Won't You.
Love On Me a Little Longer, Come On Darlin',
Be My Serendipity Prize.**

Break it down and tell me 'bout the,
luck unexpected, fate undetected,
communicate, like we're destined,
then wait, aboard the present.
'Cuz we're safe, here together,
the waves, flow never tether,
can't we brave, the stormy weather,
and play, towards the center, then ...

**Serendipity Do, Da,
Hey Now Baby Won't You.
Serendipity High,
Oh Honey Give It to Me.
Love On Me Stronger and Deeper,
Come On Darlin',
Be My Serendipity Prize.
You Really Own It for Me.
Serendipity Do, Da, Hey Baby.
Serendipity High, Oh Honey, Honey.
Love On Me Deeper and Stronger Darlin',
Be My Serendipity Prize.**
